

THIRD GRADE NEWS

February 20, 2017

<http://www.wcpss.net/forestvilleroades>

Kelly Hotaling: khotaling@wcpss.net

Brianna Johnson: bjohnson3@wcpss.net

Meghan Joyner: mjoyner@wcpss.net

Rhesia Mitchell: rpmitchell@wcpss.net

Bonnie White: bwhite@wcpss.net

Jennifer Mason: jmason@wcpss.net

Paige Peterson: ppeterson@wcpss.net

Dates

- 2/22 Ms. Hotaling's Class to Apple Store
- 2/28 Math Night
- 3/1 White/Peterson to Apple Store
- 3/8 Mrs. Joyner's Class to Apple Store
- 3/15 Ms. Johnson's Class to Apple Store

Math Night

Join us for Math Night! Third grade teachers will provide an interactive presentation from 6:00-6:45 in the media center! Please let your child's teacher know if you plan to attend so we can prepare enough materials.

Curriculum

Reading

- Students will refer to parts of stories, dramas, and poems when writing or speaking about a text, using terms such as chapter, scene, and stanza. They will describe how each part builds on earlier sections.

Writing

- Students will work on informational writing.

Math

- Students will measure area by counting unit squares.
- Students will relate area to the operation of multiplication and division.

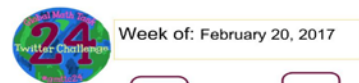

Social Studies

- Students will explain how location impacts supply and demand and how locations of regions/natural resources influence economic development (industries developed around natural resources, rivers and coastal towns).

Tasty Fundraiser

Forestville Road is participating in the Otis Spunkmeyer cookie dough fundraiser from February 17th-March 3rd. Please check your child's weekly folder for more information.

Global Math Task Challenge

1 4 4 8

The object of the challenge is to make the number 24 from the four numbers on this Twitter post. You can add, subtract, multiply, and divide. You must use all four numbers from the Twitter post. However, you can ONLY use each number ONCE. Numbers should not be combined to make 2-digit numbers, but used as their values in the ones place.

Can your child figure out a solution? Let her/him give it a try! Turn in all solutions to your child's math teacher by Friday, February 24th. Please let your child's math teacher know if she may "tweet" out your child's solution.
